## SUMMARY

Bachelor of Computer Science (Hons.) in Data Science who is seeking an internship placement for 14 weeks starting from July 2026 to October 2026. I am offering programming skills with various data analytics, big data tools and visualization tools. Fluent in Malay and English with a proper communication skill.

I am looking for a preferable position as data science or data analyst intern as I am particularly involved in exploratory data analysis. I believe by working with well-established and successful companies able to offer a lot of careers knowledge and life experience.

Foundation in Information Technology, CGPA: 3.64

**SM Sains Kuala Terengganu, SPM:** 3A+ 1A 3A- 1B+ 1B *January 2017 – December 2021*

## CERTIFICATION

### ICDL Profile Certificate – ICDL Asia

Modules Completed:

- **Documents** – MS Word 2019 (Syllabus 6.0) *25 November 2024*
- **Spreadsheets** – MS Excel 2019 (Syllabus 6.0) *3 December 2024*
- **Teamwork** – MS Teams (Syllabus 1.0) *18 December 2024*
- **Presentation** – MS PowerPoint 2019 (Syllabus 6.0) *21 April 2025*

### HUAWEI ICT ACADEMY

- **HCIA – AI V4.0 Course** *16 January 2026*

## PROJECTS

### House Pricing Prediction | Final Year Project (FYP)

- Developed a machine learning-based system to predict house prices using housing and market data
- Performed data preprocessing, cleaning and analysis to improve model accuracy
- Applied predictive modelling techniques and evaluated model performance using Python
- Created data visualizations and reports to present prediction results and insights

### Malaysian Telco Plans Comparison Dashboard | Data Visualization

- Built an interactive Power BI dashboard comparing mobile plans across Malaysian telcos using a self-collected dataset gathered directly from provider websites
- Designed a star schema model with DAX measures and Power Query transformations, enabling side-by-side comparison of pricing, data allowances and overall value

### PISA 2018 School Environment Dashboard | Data Visualization

- Created an interactive dashboard to visualize the educational indicators from the PISA initiative by using D3.js
- Investigate school characteristics, compare countries/regions, and look at relationships between educational resources and school environments

## WORK EXPERIENCE

### Eastana Exclusive SDN BHD | Retail Assistant

- Assisted with daily business operations, customer service and administrative tasks while improving communication and teamwork skills in a professional working environment.

### BMW Half Marathon 2024 | Motorcycle Marshall

- Managed road safety and guided runners along the race route to ensure smooth event operations and participant safety during the marathon.

### BMW Charity Run 2024 | Motorcycle Marshall

- Supported event safety and logistics by escorting runners and monitoring the race route to maintain a safe and organized environment.

## SKILLS

---

**Programming Languages:** Python, HTML, CSS, JavaScript, Java, C++, R, SQL

**Tools:** Visual Studio Code, Microsoft Offices (Power BI, Excel, Word, PowerPoint, Teams), Figma, Canva, CapCut

**Soft Skills:** Problem-Solving, Time Management, Analytical Thinking, Team Collaboration, Communication

**Languages:** Malay (Native), English (Fluent)

## EXTRACURRICULAR ACTIVITIES

---

### **Into Belantara | Sungai Congkak, Hulu Langat | Participant**

- Participated in team building, ice-breaking and collaborative activities
- Strengthened communication, teamwork and interpersonal skills
- Built connections with participants through engaging group challenges

### **Fur Care Mission | Persatuan Haiwan Malaysia, Kuala Lumpur | Volunteer**

- Assisted in cleaning and maintaining animal care facilities
- Supported animal care through interaction and enrichment activities
- Developed teamwork, responsibility and compassion while volunteering

## ACHIEVEMENTS

---

- Dean's List Award in Foundation Semester 1,2
- 1<sup>st</sup> Runner-Up Sports Mania Volleyball
- 1<sup>st</sup> Runner-Up Volbees MMU Volleybal
- 2<sup>nd</sup> Runner-Up MMU Convo Fest 25 Badminton
